100 Dollars Reward.

I WILL give the above reward to any person who will return to my possession, negro LAWRENCE, who assumes the sirname of FENWICK. This fellow left my farm, on the Wicomico river, in Charles county, Md. on the 6th July, in consequence of his own outrageous conduct towards my overseer. He is a negro of a fine erect figure, good features, a smooth black skin, rather above the middle stature, of a youthful appearance for one of thirty years of age, and of great plausibility and natural smartness. His ears grow remarkably close to his head, and on the inside of his lower lip he has a white mark or spot. I purchased him 4 years ago of the estate of Mrs. P. H. Courts, of this county. I am led (by circumstances which have come to my knowledge since he absconded,) to believe that he will endeavor to make his way to King George county, Va.; should he not take this route, he will probably be met with in the District of Columbia, or in the upper counties of this state, on his way to Pennsylvania. I apprehend he will change his name, and if committed to jail, refuse to state to whom he belongs, as the misconduct which preceded his departure, & his absconding, have all appeared since to have been premeditated. He took all his clothes with him, of which he had a large number; among them—a new bear-skin over-coat, a long close-bodied blue coat, a pair of striped jean pantaloons, one or more white waistcoats, besides many articles of coarse cloathing; these, however, he will probably exchange, or sell them for cash to defray his travelling expenses.

I will give the above reward to any person who will bring him home to me, or *FIFTY DOLLARS* if confined in jail, and notice given me, so that I recover him.—Should he be taken out of the state, I will also pay all reasonable costs and charges which may attend the bringing him home.

BELIEVING as I do, that PROVIDENCE at Fairfax Court-House, would be a suitable situation for mechanics of the above description, I offer to such, lots in that village for sale, on ground rent for ever—will build and furnish suitable houses and rent to them, or furnish brick to them to build with; and invite any who feel disposed to settle there, for the purpose of carrying on their respective trades to advantage, to come and view the situation. It is a very public place, the centre of the county, where the superior and county courts are held. The Little River Turnpike Road passes through this little town from Alexandria westward, and where all the public meetings for the county, &c. are held; and where trades of the aforesaid description being carried on, would meet with great encouragement, and be a public convenience to the country around. No situation can be more healthy—good water, and fire wood cheap. Mechanics of the above description must generally depend on the country people, farmers, &c. to be their customers. Here they would be in a convenient situation for all the purposes. I invite a call, and view for themselves. I would also furnish lots adjacent, from one to five acres each, for cultivation, pasture, &c. on moderate terms; all of which can be shown, and terms made known, on application to RICH'D. RATCLIFFE,
Fairfax Court-House, Va.

RAN away on the 28th of April, from the farm of the subscriber, in Dogue Neck, Fairfax Co. Virginia, negro HARRY, aged about twenty three years, about five feet ten inches high, very black, well built, has a considerable impediment in his speech, when spoken to evinces much confusion, and replies almost unintelligibly: had on when he left home, a much worn suit of domestic cloth. I have every reason to believe that he is endeavoring to pass for a free man, and as such went off in some of the bay craft during the late fishing season. All masters of vessels are forewarned from harboring or taking into their employ said negro, under penalty of having the law rigidly enforced against them. THE subscriber has now for sale a number of the most valuable tracts, in both of those rich and improving bodies of lands, and can supply applicants with any number they may wish, and in any part of either territory. Every person who visits the Western Country, particularly those who intend settling there, should take with them a few quarter sections of those lands; every man who has a young and growing family, and can spare a few hundred dollars, should not miss the present opportunity of getting some of those lands; as it will insure to his children a greater certainty than any other investment he can possibly make for their benefit.—From the immense emigration to both Illinois and Missouri, particularly to the military lands, it is certain there must be a great rise in the price very soon, and those who miss the present opportunity, will never again have a chance to do so well. The patents will be sold very low, for cash, good notes or bonds at short dates, or bank stock in the Central Bank of Georgetown and Washington, and the Farmers' and Mechanics' Bank of Georgetown. The trial of Martin, one of the Pedlar's crew, came on yesterday, before judge Livingston, on a charge of piracy & robbery. The facts were, that on the passage of the Pedlar from Havre for New-York, Martin, for misconduct, was put in irons by the master of the Pedlar. In the afternoon of the same day, the Pedlar was boarded by boats belonging to an armed ship and schooner, under the French flag. The men in the boats were all armed, and previous to the commencement of the robbery of the vessel, drove the officers and crew below.—Martin was found in irons, was liberated by the pirates, joined the mutineers, cooperated with them, and left the brig with the last boat full of plunder, with an intention of going with them; but he, and one other of the Pedlar's crew, returned.—They were, of course, confined, and delivered up for trial. The prisoner was defended by Mr. Scott, with considerable talent, and Mr. Tillotson, for the United States, was able and impressive. The charge of the judge could not have been more impartial. He felt the importance of the subject, but said nothing to influence the jury.

We understand the jury were convinced of the guilt of Martin, in joining the pirates; but as he was found in irons, and released by the pirates, the jury thought it probable, that, under other circumstances, he would not have acted as he had done, and brought in a verdict of not guilty.

At this moment the prisoner rose from his seat, and the judge, in an impressive manner, warned him against the future commission of crime. [*Ibid.*

Copy of a letter to the editors of the New-York Commercial Advertiser, dated lake Champlain, Sunday, 5 o'clock, P. M. September 5, 1819.

It is my unhappy province to relate to you a distressing accident which has just happened upon our lake. About 8 o'clock, we received intelligence at Burlington, that the steam-boat Phœnix was in flames off Colchester Point—the boats in our harbor were immediately manned, and our citizens proceeded by land to the place of distress, to render every assistance in their power; but unfortunately arrived too late. I have collected the following particulars, which I take the liberty of sending you.

The steam-boat left Burlington about 12 o'clock at night, and had proceeded as far as Providence Island, (about half way between Burlington and Plattsburgh) when the alarm of fire was given, about 1 o'clock at night; there being two small boats attached to the Phœnix, they were immediately filled with passengers; but the wind blowing violently from the northwest, the passengers were not all enabled to embark, and some of them were obliged to jump overboard.

Captain Johnson Sherman, who has formerly commanded this boat, was unfortunately sick with a fever, at Vergenes; the boat was commanded by his son, Richard W. Sherman, a young gentleman of about 22 years of age; but who in the difficulties and distresses of this conflagration, displayed the coolness of riper years.—Much credit is due to Mr. John Howard, steward of the boat, for his coolness and honesty in the hour of difficulty. I understand captain Sherman and himself saved themselves by articles thrown overboard after the boats had left The wreck of the boat drifted into Colchester Reef, where she now lies.

The persons lost are Mrs. Wilson, chambermaid; Mr. Manning, pilot; Mr. Henry Blush, hand on board; Stephen Kelsey, waiter, colored man; Andrew Harrison, cook; G. Painter a young gentleman from Quebec, about 15 years old.

It is supposed there were about 40 passengers on board, among which were eight ladies; they had mostly retired to rest, and in this sudden alarm the baggage was principally lost. The Steamboat Company, I understand, had considerable cash in their chest; the loss is not correctly ascertained.

Yours, in great haste,
N. B. HOWELL.

From Relf's Philadelphia Gazette.

LATEST FROM SPAIN.

Capt. Eldridge, of the Savannah Packet, in 38 days from Cadiz, has favored us with Madrid Gazettes to the 16th, and Cadiz to the 29th July.

Mr. Tunis, late Consul of the United States at Cadiz, came passenger in the Savannah Packet.

Prices at Cadiz, 29th July.

Flour 8½ dollars; rice 4 a 4 25; staves 1oo dollars per 12oo; Catalonia wine per pipe 36 a 37; Sherry do. per qr. cask 34; salt 6 dollars per last; exchange on London, 38 a 38½ per peso.

The crew of the Buenos Ayres privateer Constitution, about 73 in number, were in confinement in the castle of St. Sebastiano. This vessel ran ashore in the Streights, near to Tariffa, and was captured by armed boats sent out of said town, and her crew sent to Cadiz.

The Spanish brig of war Volontario de Cadiz, was attacked off Cape St Vincent's by a privateer, and escaped with considerable injury, and several of her crew killed and wounded.

An expedition of about 3ooo men left Cadiz on the 18th July, it is supposed destined for Havana. These troops were convoyed by his majesty's frigate Sabina, and the brig of war Ligero. The transports consisted of seven Spanish, one French, two English, and two Russian ships. The grand expedition goes on slowly, and no time is fixed for its departure. A disturbance had taken place at Port St. Mary's, (where a great part of the troops are stationed) among the officers, which required the presence of the Captain General, who on hearing of it, immediately set out from Cadiz with his troops to quell it, and soon after his arrival succeeded. It appears many were dissatisfied and anxious to see the constitution again adopted. Gen. Cruz, with a number of officers were put under arrest.

The King was at Sacerdon taking the Baths, and was expected at Madrid about the 28th July.

It was generally believed in Cadiz, the Treaty would not be ratified.

The Marquis de Casa Yrujo still remained without sentence.

Mr. Mead was at Madrid prosecuting his claims upon the Spanish government.

Don Onis it was said had reached his estates in Old Castile, and was expected at Madrid about the 28th, the day fixed for the return of the King from the Baths.

The report via London, under date of 29th July, of the arrest of Don Onis, cannot be correct.—We have seen a letter from Madrid of the 20th, stating his being at his estates in Old Castile, and expected arrival in that city in a few days.

We are indebted to a friend for the following interesting extract of a letter, received per the Savannah Packet:

"*Cadiz, July* 24.

"As to the political state of things, I consider them very critical, such as must ultimately (and when least expected) be attended with serious results, as a general disorder prevails throughout the whole kingdom, and among all ranks of people. You will have heard no doubt of the late conspiracy in the army, encamped between Xeres (Sherry) and Port St. Mary's, which was unfortunately, or I should rather say treacherously overset by the very man who is said to have been the chief promoter thereof, General O'Donnell. He has thereby lost his popularity, both here and in the army, and I think he will be very lucky if he comes off with only that loss. It has been a most treacherous piece of business on his part, if what is said be true. Upwards of 2oo officers of all ranks are under arrest in different castles, with centinels at their doors. It seems the plan was to re-establish the constitution, and was to have taken place on the 8th inst.

"The treaty is not yet ratified, and it is a doubt with many whether it will be."

New-York, September 10.

LATE FROM LIVERPOOL.

The packet ship Amity, Capt. Maxwell, came into port yesterday in a passage of 39 days, having sailed from Liverpool on the first ultimo. We have received from Capt. M. and from our correspondents, London and Liverpool papers of the 30th of July.

It appears that there has been an advance in the cotton market, and that sales had been brisk. Some other of our staple articles had also risen a little in price.

The steam ship Savannah, Capt. Rodgers, sailed from Liverpool on the 23d of July, bound to St. Petersburg, her original destination. The Athens, Webb, from Liverpool to New-York, has put into Cork, leaky.

The celebrated Walter Scott, is confined to his bed by sickness.

Price of Stocks, July 29—3 per cents red. 71 3-4, 72; 5 per cents, con. 71 3-8, 1-4, 1-2; 3 1-2 per cents. 81 3-8; 4 per cents. 90, 3-8; 5 per cents. 104, 3-4, 7-8.

From a Liverpool Price Current, July 31.

Cottons have been in very animated demand throughout the week, but particularly on Thursday, when upwards of 5000 bags were sold; the trade have been the chief purchasers, though speculators and exporters have also bought freely; prices of Bowed, Orleans and Demarara, have advanced fully 1d; East-India and Brazils, 3-4 per lb.; Sea Island also, at the public sale yesterday, advanced 2d. per lb. upon the prices of the last sale on the 16th.—There was some diminution of demand at the close of change yesterday, and holders in consequence were more inclined to accept the prices of good, with 50 stained 11 1-2 to 12 1-2d. and by private contract, 63oo bowed 12 to 14d; 24oo Orleans 12 1-2 to 16 1-2; 43o Tennessee 11 to 12 1-2d; 36o Sea Island 2 to 2 6 1-2. There has been some little demand for tobacco, at former prices—a little advance of finer qualities. Turpentine has not improved in price; 5ooo to 6ooo brls. have been sold at 12 to 12 6. Tar in fair demand; Stockholm do. sold at 16s. New-York Potashes 28s. But little doing in Dye Woods. Good N. York sour flour 32s. The continued fine weather has caused a complete stagnation in the demand for wheat, and prices have given way 6d. per bushel.

London, July 29.

Letters from Madrid, dated the 10th inst. mention, that Don Louis Onis, the late Spanish envoy in the U. States, the negociator of the Florida treaty, and the expected successor of Cassa Irujo, had been arrested in Valladolid, where, it will be remembered, he had received orders to stop, on his way from Paris to the capital. Casa Irujo had been conveyed a prisoner from Avila to the convent of Miravel, which we believe, is situated in a secluded spot, not far from Avila.

Three judges, under the immediate superintendance of the king, have been commissioned to investigate the charges bro't against both Irujo and Onis. King Ferdinand seems determined to make an attempt to exculpate himself, at least as far as the public is concerned, from any blame in the Florida transaction.

A letter from Cadiz, 6th July, mentions, that twelve sail of transports, with troops for the West-Indies, were ordered to sail, viz. six French vessels, two Russian, two Spanish, and two English. Their destination was kept a profound secret, though it was given out they were intended for Havana, in consequence of the misunderstanding respecting the Florida treaty.—This body of men has been detached from the grand expedition, which, it is thought, could not sail before September.

Letters received from Gibraltar, dated 9th instant, state that an alarming revolution had broken out at Cadiz. The troops had refused to embark for South America. Gen. O'Donnel, the commander in chief, was at the head of the insurrection. The troops were on their march for Madrid.—Gen. Don had received the particulars at Gibraltar, by express from Cadiz.

Mr. Hase, from the bank of England, has just now (one o'clock) made a communication to the stock exchange, that the bank of England decline taking in the omnium (that is, that they will not pay the future instalments on being allowed 5 per cent. interest for the advance.) The funds have already fallen a half per cent. Great fluctuations are expected.

Liverpool, July 31.

ATTEMPT AT ASSASSINATION.

On Friday week a most diabolical attempt was made to murder Mr. Birch, the police officer of Stockport. The following are the particulars of this atrocious act:—Birch having apprehended Mr. Harrison in London, returned with him to Stockport on Friday evening about 8 o'clock, and lodged him at his own house in Churchgate. Their arrival caused considerable sensation in the town; immense multitudes immediately assembled, and as night advanced, indicated a disposition to make an attack on the house. The house situated, Birch deemed it necessary to take advice from Mr. Lloyd, and for this purpose, under disguise, he went out at the back door of his house about eleven o'clock: Mr. Lloyd, however, was not to be found, and Birch, on his return home, was met by three men, who made a halt, and rather closed upon him. He knew one, and spoke to him about his prisoner, Harrison, and immediately the man standing next to the one he addressed, discharged a pistol over this man's shoulder, at the breast of Mr. Birch, who instantly hastened to Mr. Killer's, a surgeon, when he ascertained that a ball had entered below the breast bone, taking a direction downwards. The ball has not yet been extracted; and, according to a letter received from Stockport on Tuesday, little hopes are entertained of his recovery. Two men are already in custody, implicated in the horrid attempt, who underwent an examination before the magistrates on Saturday and Monday, but were remanded, owing to the extreme danger of making any enquiries from Mr. Birch at the present moment; and a third has made his escape. In consequence of this outrage, an order was sent to Manchester for military aid, which reached Stockport early on Saturday morning. We are glad, however, to find that there was no occasion for their services, and that the town remains perfectly tranquil.

By a fire at Amsterdam, on the 13th inst. eleven warehouses were destroyed, and 14 persons lost their lives.

Triumph of Steam.—Yesterday week, the weather being uncommonly fine, the shores of our river were more than usually crowded, to witness the most striking exhibition of steam navigation which has yet been seen at this port. At the same time were to be seen, in majestic motion, that elegant American ship, the Savannah—working by steam machinery;—the beautiful Belfast packet, the Waterloo, also working out by steam, and the fine East-Indiaman, George Canning, towed out of the river by a steam boat. The spectacle was very splendid and striking.

From the Boston Palladium, September 7.

FROM CALCUTTA.

By the ship Clarissa, from Calcutta, we received files of papers to the 26th of March inclusive.

The Marquis of Hastings is said to have relieved the Press in India from certain restraints that have heretofore abridged its liberty.

Several natives of India devote themselves to literary pursuits, and occasionally present the inhabitants of that region with the result of their observations and labors.

The Cholera Morbus prevailed at Calcutta, Bombay, Rangoop, and Ceylon.—Some writers continue to attribute it to the crop of Rice gathered in the autumn of 1817, rendered deletrious by an excess of rain previous to that harvest.

Calcutta, March 24.

A Treaty has been concluded by the Hon. Sir Stamford Raffles on the part of the Most Noble the Governor General with the Sooltaun of Johore, and Tomangong of Sincapoure, establishing a British Residency at the latter place under Major Farquhar, with a settlement on the ruins of the ancient capital of that country, over which we may congratulate our readers that the British flag is now flying, Sir Stamford Raffles having returned from this expedition to Penang on the 14th of last month. The grant of this Island, which is situated at the southern extremity of the Peninsula of Malacca, may from local circumstances become valuable to the British government, especially when accompanied, as we understand that it is, with the privilege of establishing farther settlements along the extensive coast of Johore; which must afford considerable protection to our commerce in that quarter, particularly to ships passing through the straights, and enable us to watch the progress and proceedings of our Batavian competitors. Whether that preference in our favor which some have imagine may induce the natives of those parts to frequent a British settlement rather than carry their merchandize for sale to a Dutch market, be ideal or founded on truth, we confess ourselves wholly incompetent to decide. We apprehend that the Batavian government will feel mightily indignant at our proceedings, and be perhaps induced to take such measures in consequence, as may terminate in their own final emigration from all their eastern possessions. This would be the natural and merited punishment of an attempt to monopolize that which nature has declared for all. We understand that the necessary measures have been adopted for putting the new settlement of Sincapoure in a proper state of defence; that every possible encouragement would be given to those who may be desirous of establishing themselves there, by the remission of all duties for a certain period, and such farther indulgencies as may be considered likely to contribute to the future welfare of the colony. It is farther stated, that one of the two small vessels which we formerly mentioned to have been sent by the Dutch for the purpose of watching the motions of our expedition, had been dispatched by the Malacca Resident immediately on the landing of our troops at Sincapoure, with a request that the Batavian Government would lose no time in sending their Admiral properly equipped with naval, military and diplomatic powers for the purpose, as was supposed, of crushing this young hydra in its infancy. It was expected that Sir Stamford Raffles would shortly proceed to Acheen, and afterwards to Bencoolen, having previously revisited his new establishment at Sincapoure.

Calcutta, March 24.

The accounts from the interior regarding the present Cotton crop are generally unfavorable, although they differ in estimating the extent to which the prospects of the cultivators have been destroyed. Some state that an absolute failure has been experienced, and that accordingly no supplies can be looked for, sufficient to meet the internal consumption of the country, much less to answer the demands of the export trade. Others acknowledge a very considerable failure, but taking into account the increased scale of cultivation beyond that of former years, expect that no great degree of deficiency, will be felt in the market, especially since the quantity remaining at Mirzapore and other places, produced during the last season is known to be considerable.

We regret to state that accounts from Commercolly report very unfavorably with regard to the prospects of the Indigo crop in that and the neighboring districts.

Most of the crops of the farmers have failed and the whole country is completely parched and burnt up.

In former seasons the Indigo plant was six inches high before this time of year, but now there is not a single grain sown, and the ground is rendered so hard and impenetrable as to prevent cultivation. Unless rain come soon the Indigo as well as all other crops must entirely fail.

The intense cold, experienced in the month of January has proved unusually destructive to the mulberry plant, and in Kashnaghur, Jessore and other districts, it is stated that the Company's silk concerns have sustained great injury in consequence.

Cudapah, (India) March 6th.

CHOLERA MORBUS.

Tanjore, Pondicherry, Cuddolore, Nagore, Negapatam, Madura, Seringapatam, Aleppee, and several other places on the Malabar Coast have been visited by this disease; during January, it greatly subsided at at Cudapah, but in the first days of last month, (February,) it made its alarming appearance again, carrying off from 20 to 25 persons daily.

It has also ravaged Cumbum again, and is still very violent in that Zillah, and it has recommenced at Bombay, and in Gen. Pritzler's camp near Bengaun. 22 natives died in one week, in Gen. Pritzler's camp.

The Cholera has reached Ceylon, and has carried off both Europeans and Natives at Columbo.

The Killodar of Kopauldroog is in a state of rebellion, and has concentrated a considerable force of Patana and Robilla men in the Droog, which is one of the strongest in India. This Droog is situated between the Toombudra and Kistna rivers; the Killadar bids defiance to the Nazam's Government, & which Government is so weak as to be unable to curb its own rebellious Chiefs. The ceded Districts of Madras can never be secure until the British possess all the Doaab lands, lying between the ri-

vers Kistna and Tombudra, and likewise Curnoul, the Chiefship of a very wicked Patan.

Capt Loch, in H. M. ship Eden, off the Island of Kishmee and Anguam, on the 10th and 11th Jan. fell in with eight sail of Joasmee vessels, two of which were destroyed, and a third so much damaged as to make it impossible for her to reach any of the Piratical ports, having several grape and one 32-pounder through her hull. The two vessels destroyed were Bughalahs of considerable force; and the other six were Tranheys which must have suffered very severely from the fire of the Eden.

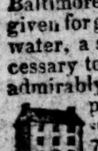
Hill and Dale, April 20.

Gunston for Sale.

THIS elegant estate is situated on the Potomac, 16 miles below Alexandria—it is bounded on three sides by the Potomac and Pohick creek, and contains nearly 3,000 acres of land, level and fertile, to which are attached six shad and herring fisheries, two of which command the river channel. This land will be laid off in four tracts, so as to have one or more fisheries to each; these tracts will be again divided if requisite. This estate is level and beautifully situated, very fertile, and remarkably healthy. Plaister acts with an effect equal to that of any part of Virginia or Pennsylvania.—I have used 500 bushels in twelve months, and such is its beneficial operation, that were I to keep this land I should considerably increase the quantity. A manufacturing mill is distant about two miles, on a stream navigable for vessels carrying 1200 bushels of wheat, where the Baltimore and Dist. of Columbia prices are given for grain: being bounded on 3 sides by water, a small extent only of fence is necessary to inclose the whole: it would be admirably adapted to grazing. The improvements are a large and very



substantial brick mansion, 40 by 70 feet, with every necessary outhouse, three commodious barns, houses for Negroes, and fish houses at each of the fisheries. 120,000 bricks and 1000 bushels of lime are just burnt on the premises. There is a considerable extent of live fence, both useful and ornamental, two orchards of well selected apples and peach, besides an abundance of other choice fruit. More than 150 acres are in clover, 200 in corn, and land is in preparation for sowing 250 bushels of small grain. Any quantity of hay can be cut from the low grounds, some of which (and all might,) have been reclaimed at a trifling expense. The river and creeks, abound with wild fowl, particularly canvass backs, the woods with deer and a variety of other game. Mules, cattle, highly improved sheep, farming utensels and household furniture can be had. The terms of sale will be accommodating. Property in any of the cities, negroes, bank stock, western lands, or lands near the Ridge, will be taken in payment.—Letters must be addressed to me at Pohick Church, Fairfax county, Virginia.

S. Drew, Merchant Tailor,

Removed from Fairfax-street to the corner of King and Columbus-streets, and his prices falling

RESPECTFULLY acquaints his customers and the citizens in general that he has removed as above, where he will study to give satisfaction. He has by him a small but well assorted stock of goods, which will be found on inspection to be of the best quality, the whole of which he wishes to sell low for cash, and as further inducements to purchasers he offers to cut out any goods, bought of him to any size or pattern gratis.

S. Drew aware, of the advantage a ready money business has over one where long credit is given, thinks that a distinction ought to be made in the prices in each case: and as the price of provisions are low at present, he is glad to be able to announce to those customers who will feel disposed to pay him ready money for his work, that he will reduce the price of making to them according to the present journeymen's wages; and to prevent any supposed imposition on the one hand or disatisfaction on the other he is willing to be goverued by the printed regulations of prices by which the journeymen are paid in Alexandria.

N. B. Bread, flour, beef, groceries, liquors or any thing valuable taken in exchange for clothes.

S. Drew has this day opened a tavern in the same house, where he has laid in a supply of Philadelphia and the district porter and ale, together with liquors of the best quality, and he feels confident that he shall be able to give satisfaction to all who will please to favor him with a call.—He is fitting up his house for the accommodation of boarders, travellers, &c. and from its central situation, good beds and stabling, together with other requisites, he presumes that it will be found a convenient establishment. may 25

PROSPECTUS

Of a new periodical work to be published in the city of Washington, entitled the

Washington Theological REPERTORY.

EDITORS. { Rev. Wm Hawley, Washington,
Rev. Wm. H. Wilmer, Alexandria,
Rev. Oliver Norris, Alexandria,
Rev. Reuel Keith, Georgetown.

Assisted by several other literary gentlemen of the Protestant Episcopal Church.

IF any apology were necessary for this undertaking, it may be found in the fact, that there is no publication on a similar plan, in all that section of our country lying south of New-York, and but one in the whole of the United States. It has been matter of equal surprize and regret, that the Episcopal Church should be so far behind other Christian denominations, in similar efforts to disseminate the principles of religion and piety. At a period like the present, when the Lord is preparing his way on earth, by the most remarkable efforts of human agency, and the most wonderful operations of his providence and grace—when we perceive in every part of Christendom, a praise-worthy emulation to share in the glorious work of filling the earth with the knowledge of the only true God, and his Son Jesus Christ; it would seem criminal for any to withhold their exertions, however feeble, in the great enterprize of human happiness and salvation. The editors have, therefore, felt it their duty to make this humble effort to supply this acknowledged deficiency on the part of the church in this section of the country, and to bear their share in the common exertions of Christians to promote the Redeemer's Kingdom. And having obtained the services of a gentleman, in whose talents and principles they have confidence, whose time will be wholly devoted to the superintendence of the work, they feel encouraged to solicit the patronage of the public.

The publecation will be conducted under the immediate inspection and control of the above named editors, who will form a committee to review every article intended for publication. The principles upon which it will be conducted are those of the bible, as illustrated in the articles, Liturgy and Homilies of the Protestant Episcopal Church. As members of this church the editors will feel bound to support the Apostolical character of her institutions, the pious tendency of her rites and ceremonies, and the evangelical nature of her doctrines. But in these, and all other discussions, they hope never to loose sight of that great law of charity which teaches us to "preserve the unity of the spirit in the bond of peace."

Acting upon those catholic principles, so long and so successively pursued by "*The Christian Observer*," their chief object will be to inculcate sound theological knowledge, and to delineate and recommend pure and vital religion. They trust therefore, that while the members of every Christian denomination may find something edifying and instructive, none will discover any just cause for offence in the pages of this work. General subjects of biblical criticism, practical illustrations of scriptural truth, the biography of illustrious persons, evidences of the truth of revelation, essays on the history and polity of the church, reviews of interesting publications, religious, literary and philosophical intelligence—in short, whatever is connected with the promotion of religion, humanity and literature, will find a place in this repository.

The testimony of experience supersedes the necessity of dwelling on the advantages of a periodical publication on the plan proposed. Its obvious tendency will be to render the various departments of religious knowledge more easy and accessible, and give a more ready currency and wider circulation, to those great truths which involve the present welfare and future destiny of man.

It will tend powerfully to stimulate the exertions of the editors, and console them under the difficulties attendant on the prosecution of this work, amidst many other avocations, should it prove the means under the blessing of God, of enriching any of its readers with the saving knowledge of Christ, and prepare them for a participation in the felicity and glory of his heavenly kingdom. With this hope they commit it into his hands, and confidently solicit their brethren of the clergy and laity to assist them in carrying into effect the objects of the undertaking.

TERMS OF THE WORK.

A volume of the Repertory shall consist of twelve numbers, of which one shall be published on the first day of every month, containing thirty-two large octavo pages, stitched in blue, and attended with a table of contents.

The paper used in the work shall be good, and the typography executed with the greatest care.

The price of a volume is two dollars, payable in advance; to such as omit the advance, two dollars and fifty cents

It is designed to enlarge the size of the work, without increasing the price, as soon as one thousand subscribers shall be obtained.

Communications and remittances may be directed to any of the editors, post paid.

Any person becoming responsible for five subscribers, shall receive a sixth copy gratis.

The first number may be expected in the month of July. June 26
